Dear Potential Sponsor,

My name is Austin R. I am 17 years old and an alcoholic and drug addict in recovery. I have over 8 months of sobriety. These past 8 months have been strenuous and hard but the growth I have received from it has been amazing. I have walked through many of my fears and dealt with situations that I have always avoided. I have let go of my old lifestyle and am currently learning new and better ways to live a productive and manageable life without the use of drugs and alcohol. I am continuing to work on issues concerning dishonesty, selfishness and procrastination. I am looking forward to going on this wilderness trip. I haven't had the opportunity to experience a Cornerstone trip yet, and I am excited because I know nothing but growth will occur. It's a chance for me to walk through fears and to stand up for myself when things get tough. It's an opportunity for me to build strong relationships with other people in recovery. It's also a chance for me to gain a spiritual connection with my higher power and grow spiritually. I would like to go on this trip and have the experience of a lifetime, but I need your help. If you would like to sponsor me by simply giving a donation then fill out the forms that are attached or simply go to Cornerstone's website at www.cornerstonerecovery.org/donate.html. Complete the secure donation page paying with either MC or VISA. Please select wilderness trip donation and in the additional description box type in Austin R!! Your help is greatly appreciated.

Thank you for supporting my recovery!
I love you.

Austin R
